### Staff Data Reporting to NYSED via Level 0

All schools should have reported initial Staff Snapshot and Staff Assignment data in Level 0 by now. Soon, ESBOCES will begin sending reminders to schools that have not started this reporting.

NYSED Level 2 Reporting software (L2PRT) is refreshed each Monday. Staff Snapshot (who works at your school) data in L2 of the data warehouse immediately populates two very useful reports:

- [SIRS 320 Staff Snapshot Verification](#) - confirms all data for each record.
- [SIRS 329 Staff Certification Report](#) – review all staff certifications.

The first NSYED deadline for Out of Certification review requires data to be reported in each of the following templates by **9:00 a.m. on Wednesday, January 24, 2024.**

**Staff Snapshot**  
**Course**

**Location Marking Period**  
**Course Instructor Assignment**

### Student Digital Resources

NYSED requires schools to report initial survey information for each student regarding access to devices and internet services in their homes each Fall. SED expects data to be collected and/or refreshed throughout the year as follows: when students access changes and for every new enrollment. Survey responses must be reported in Level 0. Need help preparing data for import to Level 0? Visit the Training Materials section of the ESBOCES website for resources:

### **ESBOCES Website Resource(s)**

A new document mapping resources on the NYC Data Central website is available at [NYC Data Central Site Map](#).

### **NYSED SIRS Timeline with ESBOCES Annotated Notes**

Each year, ESBOCES dissects and reassembles the NYSED SIRS Timeline to add notes, suggestions, and helpful resources to make the tracking of annual reporting easier.

### **Has your school submitted the BEDS IMF Report?**

The NYSED Institutional Master File (IMF) report is submitted directly to NYSED via the IRS Data Exchange folder (IDEX) on the [NYSED Business Portal](#). This report should be completed and submitted. Check the status of this report and/or finished the reporting ASAP.

### ***Accessing NYSED systems is managed by the school CEO***

ONLY your school CEO or a Delegated Administrator can authorize anyone to access L2RPT, the Business Portal, or any other NYSED system. ESBOCES, NYCDOE (Charter Schools Office), and NYSED cannot create or manage access to those data systems.

Each school superintendent/CEO, as listed in [SEDREF](#), was given administrative access by default to the SED Delegated Account Systems (SEDDAS). Access to SEDDAS is available within the [NYSED Application Business Portal - Dashboard](#) (must be logged in). Only the CEO, or delegate, can provide access to any SED system for their school to another person. Access will be instantaneous once you are given these permissions. Note that the NYSED Application Business Portal and access to L2RPT, [IBM Cognos Analytics](#), utilize the same credentials. Quick Guide for account creation and management: [Entitling Users to SED Monitoring & Vendor Performance System](#).

If your current Superintendent/CEO is not listed in SEDREF, you may update that information by accessing the following link: [SEDREF Update Process](#). NYSED maintains a contact file of staff in certain positions at

every school in the SED Reference File (SEDREF). It is important to keep this up-to-date in order for your school to receive important notices from NYSED.

***IMPORTANT*** SEDREF title for data Coordinators: The Office of Information and Reporting Services (IRS) will also continue to utilize the Chief Information Officer (CIO) identified in SEDREF for all notifications related to SIRS reporting. SED periodically posts data to the IRS Portal, IRSP, email announcements of such postings are ONLY sent to SEDREF CIO listings. It is important to ensure that the CIO field is also kept up-to-date. Directions for SEDREF updates: [SEDREF Update Process](#).
